**So, what are we doing here? I mean what is Wisdom Quest anyway?** WISDOM QUEST is the Last Chapter of the United States Psycho-Tronics Association founded way back in 1985. Now Electronics is the technology of Electricity. Thus Psychotronics is the technology of the Spirit. Technology of "The Force"; technology of the Zero Point or Scalar or Orgone or many other names describing the Living Creator God within us and without us all.

Hey! Savant Walter Russell described it as "The Universal One". And that is good enough for me. Viktor Schauberger from the Austrian Alpine Mountains described it as "Nature's Eternal Religion". Meaning comprehend her first, then copy her patient ways in order to harvest some of that "**Free Energy**" generously gifted to us already.

- **Healing**, Yes Good Health wants you to have...
- **Prosperity**, Yes Abundance is the natural order of things; and be sure to work your ass off along the way, No work- No eat, dude.
- **Love Baby**. Get it? Babies that is. Get with the program and be covered in loving Grandchildren then. Turn Femi-Nazi Homo Gay; and get your just desserts barren alone. But not to worry: Fuck up this time around: Do better next lifetime.
