Our meetings last from 7pm to 9pm and often run extra with lots of follow up and networking with like minded "Seekers of Truth". Bring your questions and desire to be amongst fellow open minds and open hearts.

More about our Speaker:

Darrell is a classically trained musician who turned to doing healing work in the late 1980's. After studying Massage, Polarity, Biodynamic CranioSacrol Therapy, Cell Memory, Esoteric Healing, and a host of other energetic modalities, Darrell had a Near Death Experience and began forming my own modality: **Harmonics of Healing and Music of the Spheres.**

Harmonics of Healing and Music of the Spheres are based on the Universal principles of: **Resonance; Energy Fields; Like Attracts Like; Everything is Energy; and the Science of Mantra.** A Chi Gen or Vibe-TL create a field. That field is tuned with the vibration of a written mantra. The vibration is further enhanced with and strengthened with semi-precious stones, essential oils, flower essences and Sacred Water from Healing Spring water which comes from all over the world, all of which resonate with the vibration of the mantra. Merely holding, meditating or sleeping with the tool will shift your energetic field in the direction of the desired goal: healing, abundance, spiritual advancement. It is like doing a mantra without having to do it. No physical curing is implied or intended when working with these tools. They work with the energetic bodies. If a physical curing of any condition does happen - it is merely a coincidence and would not be acknowledged by most Medical Doctors... Not approved by FDA or any other medical association.
