# ***What Women Really Want...***

***In Their Relationships***

***by Dr Michael C. Tibbetts***

The Evolutionary Development of a Support Group called "Restored Life Partners," designed for formally separated or divorced couples who have been reunited through the "Loving Grace of the Holy Spirit." They need continuous emotional and spiritual support to strengthen their relationships within a "Popular Culture" that promotes running away from a marriage at the first sign of trouble. The IMAGO Therapy Principles of Harville Hendrix states that "Marriage was created to heal the couple's "Childhood Wounds," a process that cannot be run away from. God keeps on giving us this lesson until it is fully learned.

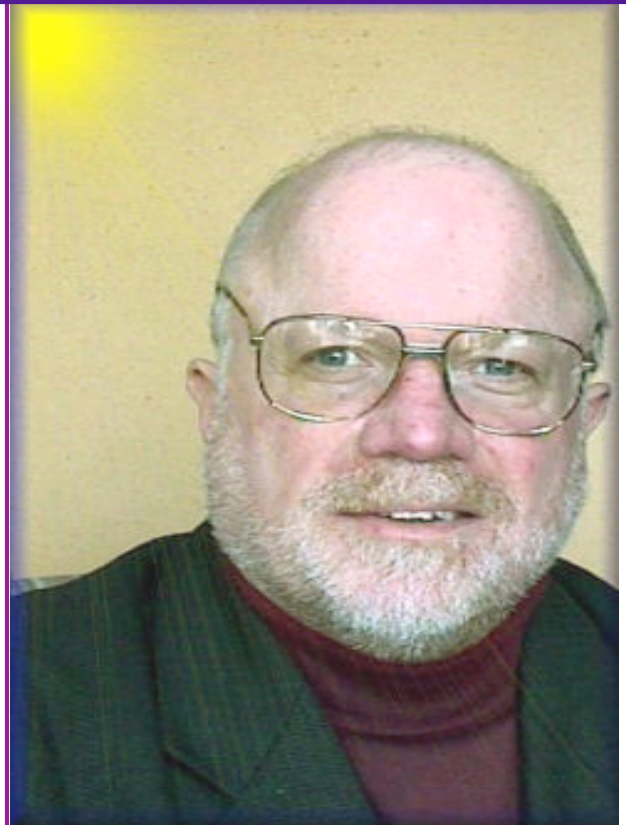

***So... Whether we have "Open Marriage"; or "Threesome"; or the much more common "Power Struggle" ---> No matter... Bring your sincere questions and let Michael C. Tibbetts lead us through a Family Healing Process...***

**This promises to be both lively and fun; and since confidentiality assured: What happens at Wisdom Quest will stay within Wisdom Quest... Thus, no need to hold back in sharing our real live stories now that everything about traditional marriage simmers in a cauldron of flux. So, why did Nature, in her eternal Wisdom, make our passions so uncontrollable? *Come find out!***

Stuart and Sandy Benson have been most supportive in facilitating our activities down at Greiser Hollow... Harold and Estelle Greiser built the place and the tradition of service lives on. Stuart recently introduced me to Susan Young, who has a retreat center out in Pagosa Springs, Colorado:

## ***The Stone Rabbit Sanctuary***

This lovely 160 acres of wildness has a river run through it, the Navajo River, skinny dippable in season and hot springs all around... the real deal as Pagosa Springs is a Healing Waters--Hot Springs town at 6500 feet elevation. The Four Corners Area is the locale and Archuleta Mesa is nearby: A rich area for UFO activity from the disclosures made by John Lear about twenty years ago. Wisdom Quest might have an opportunity to put on a week long Flying Saucer Skywatch and Contact event in 2010 as our fortunes unfold...

***Stuart Benson may say a few words and present an update about our opportunities to put on a "Flying Saucer Skywatch" at this dynamic location in the Summer of 2010 !***

Last month in December, Musician Douglas Bluefeather played his large Cedar-Wood Bass Flute in an evocative Yuletide Presentation:

- We started with a simple Native American "Ode to the Four Directions" which was a participatory process involving Grounding ourselves and breathing up to charge our space with essential Life Energy; sometimes referred to as "Prana", "Chi", "Orgone"; or Creator, The Great Spirit.
- Deceptively simple was this engineered concert: a Public Address microphone with modest, pole mounted tower speakers; powered by a short stack of amplifiers and sound conditioners: The result was an acoustic sound featuring barely discernable Sustain, Reverb and Echo.
- 34 of us got to hear original compositions from Bluefeather's "*Sacred Space*". I suspect there was a bit of improvisation in this live performance; "*Heal the Earth*", "*Wild Horses*" and slow, powerful, original melodies took us to places we had never been before.
- \$152- in the Love Basket; and plenty of folks decided then and there to bone up on a little un-planned Christmas shopping as Douglas and Debbie Bluefeather offered some of their recordings and instruments in exchange for a Love Donation.

***Sincerely,***
